

# Heilbronn Quantum Algorithms Day

May 18<sup>th</sup> 2010

Bristol University

A showcase of recent research in quantum algorithms. The day will consist of invited talks together with a poster session.

## Invited speakers:

- Andris Ambainis
- Aram Harrow
- Richard Jozsa
- Ashley Montanaro
- Joseph Fitzsimons

We may be able to offer limited travel support to students who are unable to find funding from their home institutions.
